

Your Jacuzzi

A Jacuzzi has been installed for your enjoyment. Please read all safety and operating data before using the Jacuzzi. The unit will be attended by our maintenance team early on the day of your arrival and from anything after 6am on your departure day as it takes several hours to service and re-heat. Therefore the last time you will be able to use your Jacuzzi will be on the night prior to departure. In addition, daily checks will be carried out by our staff.

Before entering the Jacuzzi please ensure you:

- Don't enter a hot tub when you have diarrhea or for at least 48 hours after experiencing any gastric infection.
- Don't swallow hot tub water or even get it into your mouth.
- Don't clean or wear wetsuits in the Jacuzzi or it will be emptied and out of operation for a minimum of 48 hours.
- Shower or bathe with soap before entering the hot tub.
- Never use the Jacuzzi alone or after a heavy meal.
- Avoid entering the Jacuzzi immediately after exercising as the water temperature can affect the heart rate.
- Take care when entering or exiting the Jacuzzi as water from the tub can make it slippery.
- Do not enter the Jacuzzi if the water is cloudy.
- Maximum number of bathers at any time is 5.
- Don't let children less than 5 years of age use the Jacuzzi.
- Ensure you secure the cover of the Jacuzzi when not in use.
- Supervise children in or near the Jacuzzi.
- If you have long hair please tie it up or wear a swim cap before entering the Jacuzzi.
- Don't drink alcohol before entering the Jacuzzi or during Jacuzzi use.
- Never bring glass or crockery into the Jacuzzi.
- Never use or place electrical equipment in or near the Jacuzzi.
- Limit your soak to 15 minutes and cool off before re-entering.
- If any allergic reaction occurs leave the Jacuzzi and rinse off in your shower, if the reaction persists seek medical help.
- If pregnant, consult a physician before Jacuzzi use, particularly in the first trimester.
- If suffering from an illness especially heart Disease, Diabetes or Hypertension, consult a physician before Jacuzzi use.
- If taking any medication especially Anti-coagulants, Antihistamines, Stimulants, Hypnotics/tranquillisers, consult a physician before Jacuzzi use.

Safe Operating of the Jacuzzi:

Please open both straps on the side where the steps are located first.

All straps need to be unlocked with the small black key issued with your house keys

Then open the straps on the opposite side before pulling back the cover.

Failure to open all straps will result in the cover tearing.

Maximum number of 5 people at one time in the Jacuzzi.

There are three buttons on the Jacuzzi for you to use

To turn it on/off-

To turn on light-

To alter power from jets-press button twice-

The temperature will be set to 37 degrees, and chemicals balanced for the duration of your stay. Some water evaporation may occur in warm weather, the unit can be topped up with fresh water.

To secure and shut down the Jacuzzi safely please turn off the circulation, jets and light.

Re-secure the cover ensuring to re-lock the straps.

If have you any problems at all with the functioning of your Jacuzzi then please do not hesitate to contact a member of the Una staff at the front desk or on 01736 257000
